PROFESSIONAL SUMMARY

Recent Computer Engineering graduate from Kasetsart University specializing in full-stack development and UX/UI design. Strong background in building enterprise systems during a cooperative education internship at BHIRAJ BURI HOLDING, and developing full-stack web applications using core technologies like Next.js, NestJS, and SQL databases. Passionate about continuously advancing my skills as a Full-Stack or Web Developer to build highly efficient solutions.

EDUCATION BACKGROUND

- **Bachelor of Engineering (Computer Engineering)**
Kasetsart University, Sriracha Campus | 2022 – 2026
-

INTERNSHIP EXPERIENCE

UX UI Developer (Internship) | BHIRAJ BURI HOLDING Nov 2025 – Mar 2026

- Developed functional frontend prototypes for a Performance Management System (PMS) using HTML, CSS, JavaScript, and Bootstrap
 - Redesigned the internal Academy platform by building interactive frontend prototypes using HTML, CSS, JavaScript, and Bootstrap, establishing a modernized UI framework ready for future implementation.
-

ACADEMIC & SIDE PROJECTS

CourtReservationMobile Final Project | 2025

- Designed the UI via Figma and developed an Android application using React Native, integrating REST APIs to fetch and render data accurately according to the user flow.
- Built an interactive party-joining feature that allows users to find teammates and form groups, successfully fulfilling the project's goal of connecting sports enthusiasts.

Smart-Butcher-Marketplace April 2026 – Present

- Designed and developed a full-stack e-commerce MVP for meat products within a 2-person team, taking ownership of the UX/UI design for 3 distinct user roles and the core architecture utilizing Next.js and NestJS.
 - Engineered a scalable relational database schema to support seamless workflows for inventory and order management, while integrating cloud file uploads via Multer and an AI-powered conversational interface.
 - Deployed the production environment across Vercel, Render, and Supabase, ensuring reliable public accessibility and system stability.
-

TECHNICAL SKILLS

- **Frontend:** HTML, CSS, JavaScript, TypeScript, NextJs, React, React Native, Tailwind CSS, Bootstrap, Zustand
- **Backend & Databases:** MongoDB, MySQL, PostgreSQL, Supabase, NestJS, NodeJS
- **Familiar:** Python, C/C++, OpenCV, PyTorch, YOLO
